LOCATIONS

We surf either Croyde or Putsborough beaches depending on which one has the best conditions for the level you are at. We usually meet at Baggy Point Car Park (map and Instructions follow) and then either stay there and surf Croyde beach or travel as a group 5 minutes around the coast to Putsborough.

COAST STEERING (COASTEERING)

This new and dynamic sport involves climbing and scrambling up and around the cliffs, swimming between rocks and inlets and also jumping into the sea from as low as 8 feet (2.5 meters) and up to 40 feet (13 meters) – you can choose which height is right for you. The fastest growing sport in the UK, Coast Steering is guaranteed to test your nerve and get your adrenaline pumping.

You will be accompanied at all times by experienced instructors and fully trained lifeguards and you will be wearing top quality equipment.

Coast Steering session – 2 hours at Baggy Point – from £30 pp

Coast Steering session – 3 hours at secret spot – from £38 pp

We also have a dedicated Coast Steering site – www.coaststeering.com

We offer Kayak Tours of the local estuary, which give you a good chance to see the local environment and wildlife; we usually spice things up with a few games along the way. If you are feeling extreme, we can offer pier jumping – high enough to make you think twice. When the conditions are right we can also take you paddle skiing in the surf or even for a coastal trip, usually around baggy point.
